# Competition....

- Library one of the stalls at the I-Bazaar
- Most people think:
  - Everything is on Google
  - It is all there
  - It is all free
  - It is quick & easy to get

# What?

- **Stakeholder engagement** is the process by which organisations **communicate and get to know** their stakeholders. By getting to know them, organisations are able to **better understand what they want, when they want it, how engaged they are and how the organization's plans and actions will affect their goals**. Furthermore, they can improve their communication and rethinking their strategies and operations, having long-term benefits such as **brand reputation or first mover advantage**.

# Why?

- Gain stakeholder **approval** and **support**
- **Minimise** opposition and satisfy their needs as far as possible
- **Anticipate** what risks and opportunities might arise
- **Enable** plans to be laid and managed

# 10 key principles of stakeholder engagement

1. Communicate
2. Consult, early and often
3. Remember, they're only human
4. Plan it!
5. Relationships are key

- 
- 
6. Simple, but not easy
  7. Just part of managing risk
  8. Compromise
  9. Understand what success is
  10. Take responsibility
-

Dear SMU community

### How has the Belt and Road Initiative impacted global trade?

In 2013, the idea of a trade route connecting China with the rest of the world was proposed by Chinese President Xi Jinping. The initiative was estimated to involve over 68 countries (40% of the world's GDP) and 65% of the world's population. Since then, the potential promises and pitfalls of this initiative have been widely discussed and debated. Learn more about the Belt and Road Initiative by browsing the ebooks below!

Look Inside  Look Inside  Look Inside  Look Inside  Look Inside 

I would like to thank the library staff for collecting all these books and sending to the faculty/students as a one-stop resource collection. China's Belt and Road Initiative is a very important topic, it is tangential to my research but I am pretty sure many faculty will benefit from this collection.

It would be great to see more of these e-mail covering different topics.

Thank you!

think...

Hey!  
This library is amazing!  
I just think that sometimes  
I could do with more of the  
3 hour books being available  
for longer lending? I understand  
if that isn't possible.  
P.S: The casual reading  section is  
amazing.

Tell us what YOU Think

  - What can we improve?
    - What can we do for you?

Project Room 4.2 always
